In the “Price Schedule: Goods Manufactured Outside the Purchaser’s Country, already imported” in column 7 you it is necessary to specify “Custom Duties and Import Taxes paid per unit in accordance with ITB 14.8(c)(ii)”. Whereas, in ITB 14.8(c)(ii) it is specified: “The custom duties and other import taxes already paid (need to be supported with documentary evidence) or to be paid”. Is it necessary to specify VAT in column 7?	Yes, it is necessary. Requirements for the formation of the bid price are specified in ITB 14.
In accordance with the requirements of the Bidding Documents, if the Bidder is not a manufacturer of the Products that he offers, then the manufacturer's authorization must provide in the prescribed form as part of the bid. In view of this, we believe that the existence of this requirement significantly limits the participation of other participants in the procurement, as most manufacturers do not provide authorization letters to companies that are not the official distributors of this Manufacturer. Therefore, we believe that the change in this requirement in the Bidding Documents, the possibility of providing an authorization letter not only from the manufacturer, but also from the official distributor. in our opinion. will be better for	The requirement remains unchanged. Whereas, the Authorization of the manufacturer may be issued by the manufacturer or the official distributor of the manufacturer, duly authorized by the manufacturer to supply the goods to the Purchaser's country and to provide authorization letters on behalf of the manufacturer.
